PROXY STATEMENT

HORACE MANN EDUCATORS CORPORATION

Annual Meeting of Shareholders

May 29, 2003

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the "Board") of Horace Mann Educators Corporation (the "Company") of proxies from holders of the Company's common stock, par value \$.001 per share ("Common Stock"). The proxies will be voted at the Annual Meeting of Shareholders to be held on Thursday, May 29, 2003, at 9:00 a.m., Central Daylight Savings Time, at the Hilton Springfield Hotel, 700 East Adams Street, Springfield, Illinois, and through any adjournment or adjournments thereof (the "Annual Meeting").

The mailing address of the Company is 1 Horace Mann Plaza, Springfield, Illinois 62715-0001 (telephone number (217) 789-2500). The Proxy Statement and the accompanying proxy card are being first transmitted to Shareholders of the Company on or about April 7, 2003.

The Board has fixed the close of business on March 31, 2003 as the record date (the "Record Date") for determining the Shareholders of the Company entitled to receive notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, an aggregate of _____ shares of Common Stock were issued and outstanding, each share entitling the holder thereof to one vote on each matter to be voted upon at the Annual Meeting. The presence, in

person or by proxy, of the holders of a majority of such outstanding shares is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Proxies will be solicited by mail. The Company also intends to make, through bankers, brokers or other persons, a solicitation of beneficial owners of Common Stock.

At the Annual Meeting, Shareholders of the Company will be asked (i) to elect eight Directors to hold office until the next Annual Meeting of Shareholders and until their respective successors have been duly elected and qualified and (ii) to approve an amendment to the Company's Certificate of Incorporation to delete the provision that requires the retirement of any Director who is 72 or more years of age following the completion of his or her then current term in office (the "Amendment to the Retirement Policy").

Shareholders may also be asked to consider and take action with respect to such other matters as may properly come before the Annual Meeting or any adjournment or adjournments thereof.

Copies of the Company's Annual Report on Form 10-K for the year ended December 31, 2002 were mailed to known Shareholders on or about April 7, 2003.

Solicitation and Revocation

Proxies in the form enclosed are solicited by and on behalf of the Board. The persons named in the form of proxy have been designated as proxies by the Board. Such persons are Directors of the Company.

Shares of Common Stock represented at the Annual Meeting by a properly executed and returned proxy will be voted at the Annual Meeting in accordance with the instructions noted thereon, or if no instructions are noted, the proxy will be voted in favor of the proposals set forth in the Notice of Annual Meeting. A submitted proxy is revocable by a Shareholder at any time prior to it being voted provided that such Shareholder gives written notice to the Corporate Secretary at or prior to the Annual Meeting that such Shareholder intends to vote in person or by submitting a subsequently dated proxy. Attendance at the Annual Meeting by a Shareholder who has given a proxy shall not in and of itself constitute a revocation of such proxy.

Proxies will be solicited initially by mail. Further solicitation may be made by officers and other employees of the Company personally, by phone or otherwise, but such persons will not be specifically compensated for such

services. Banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of Common Stock. The costs of soliciting proxies will be borne by the Company. It is estimated these costs will be nominal.

Shareholder Approval

Shareholders are entitled to one vote per share on all matters submitted for consideration at the Annual Meeting. The affirmative vote of a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting is required for the election of Directors and to approve the Amendment to the Retirement Policy.

Abstentions may not be specified with regard to the election of Directors. Abstentions on the proposal for the approval of the Amendment to the Retirement Policy will have no effect on the outcome of the voting on that issue.

Please note that under the rules of the New York Stock Exchange brokers who hold shares in street name for customers have the authority to vote on certain items when they have not received instructions from beneficial owners. With respect to the matters to come before the Annual Meeting, if brokers are not

entitled to vote without instructions and therefore cast broker non-votes, that will not affect the outcome of such matters.

Other Matters

Other than the matters set forth above, the Board has not received any Shareholder proposal by the deadline prescribed by the Securities and Exchange Commission rules, and otherwise knows of no matters to be brought before the Annual Meeting. However, should any other matters properly come before the meeting, the persons named in the accompanying Form of Proxy will vote or refrain from voting thereon at their discretion.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors acting under a written charter which is provided as an appendix to this proxy statement. The Audit Committee is composed of four Directors, each of whom is independent as defined by the New York Stock Exchange listing standards. Management has the primary responsibility for the Company's financial statements and its reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by ISB Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management, taking into account the potential effect of any non-audit services provided by the independent auditor.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the internal and the independent auditors, with and

without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee held eight meetings during fiscal year 2002.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Audit Committee recommended and the Board approved the selection of the Company's independent auditors.

1. Of the shares of Common Stock remaining available for future issuance, a total of 91,988 shares may be issued as restricted stock or grants of stock as a bonus under the 2002 Horace Mann Educators Corporation Incentive Compensation Plan ("2002 Incentive Compensation Plan") at December 31, 2002. The 2002 Incentive Compensation Plan allows 5% of shares to be issued as restricted stock or bonus shares.
2. The only non-security holder approved equity plan of the Company is the Horace Mann Educators Corporation Deferred Compensation Plan (the "DCP"). The DCP permits participants in certain cash incentive programs to defer shares in the form of Common Stock equivalents, which can be settled in cash or shares at the end of the specified deferral period. For purposes of the DCP, Common Stock equivalents are valued at 100% of the fair market value of Common Stock on the date of crediting to the participant's deferral account. Approximately 30 senior executives of the Company have been eligible to participate in the DCP since its inception in 1998. The DCP does not reserve

a specific number of shares for delivery in settlement of Common Stock equivalents, but instead provides that shares will be available to the extent needed for such settlements. Further information on the DCP appears under the section Report on Executive Compensation of the Compensation Committee of the Board of Directors--Deferred Compensation Plan below.

The performance goals were established at the beginning of the three-year performance period. Amounts accrue for performance during the performance period. PENSION AND EXCESS PENSION PLANS

The following pension table illustrates the total benefits available under the defined benefit pension plans without considering social security offsets.

Years of Covered Service (1)

Covered Remuneration (\$)	20	25	30 (2)
200,000	80,000	100,000	106,000
250,000	100,000	125,000	132,500
300,000	120,000	150,000	159,000
400,000	160,000	200,000	212,000
500,000	200,000	250,000	265,000

 (1) Represents the maximum combined benefits payable from all qualified and nonqualified defined benefit pension plans based on the pre-August 29, 1989 formula, as defined below, without regard to social security offsets.

(2) As of December 31, 2002, Mr. Zock had 26 years of credited pension service. No other Named Executive Officer is eligible to participate or is vested in the defined benefit pension plans.

Compensation for purposes of the defined benefit pension plans includes only compensation earned while participating in the defined benefit pension plans. Participants only include those employees hired prior to January 1, 1999. In general, eligible compensation for Executive Officers includes base salaries and cash bonuses. Although compensation voluntarily deferred by an employee is not considered as eligible earnings for pension purposes, a special exception permits an employee's tax-deferred contributions under the 401(k) Plan to count as eligible earnings under the defined benefit pension plans. In addition, any amount selected pursuant to Section 125 of the Internal Revenue Code is also

considered eligible earnings under the defined benefit pension plans.

For participants hired prior to August 29, 1989, annual benefits would be determined by multiplying an average of the 36 highest consecutive months of earnings by 2% times years of credited service minus 50% of the social security income benefit earned while an employee. For participants hired after August 29, 1989, benefits would be

12

determined by multiplying an average of the 36 highest consecutive months of earnings by 1.6% times years of credited service. Accruals for credited service and earnings ceased as of March 31, 2002. Under the terms of the defined benefit pension plans, a maximum of 30 years is eligible for credited service.

The CEO's retirement benefits are not determined pursuant to the pension plans described above and are described in the section Agreements with Key Employees.

DIRECTOR COMPENSATION

A Director, other than an Officer of the Company, receives an annual retainer of \$25,000 and a fee of \$1,000 plus expenses for attendance (whether in person or by telephone) at each Board and Board Committee meeting (except the Audit Committee). Members of the Audit Committee receive a fee of \$1,500 plus expenses for attendance (whether in person or by telephone) at each Audit Committee meeting. The Chairman of each Committee (except the Audit Committee) receives an additional annual retainer of \$2,500 for serving in such capacity. The Chairman of the Audit Committee receives an annual retainer of \$7,500 and a fee of \$2,500 plus expenses for attendance (whether in person or by telephone) at each Audit Committee meeting in addition to the fees received as a Director described above. The Chairman of the Board receives an annual retainer of \$75,000 in addition to the other fees described above. Directors have the option to take all or part of such fees in the form of Common Stock Equivalent Units of the Company, on a deferred compensation basis, with a 25% matching addition to the sums listed above made by the Company pursuant to the Director Stock Plan. In addition to the foregoing compensation, in May 2002 the Chairman of the Board was granted 15,000 stock options and each Director was granted 10,000 stock options at market price pursuant to the 2002 Incentive Compensation Plan. The options vest and become exercisable in May 2009, provided that portions of the option will vest and become cumulatively exercisable if certain performance goals are achieved for a specified performance year.

AGREEMENTS WITH KEY EMPLOYEES

Effective February 1, 2000, the Company entered into an employment agreement with Mr. Lower employing him as the Company's President and Chief Executive Officer. That agreement is an exhibit to the Company's Annual Report on Form 10-K for 2002. The term of that agreement expired on December 31, 2000 but is subject to an annual evergreen renewal which extends the agreement an additional year on each September 1, so long as neither Mr. Lower or the Company has, prior to September 1, notified the other that the agreement will not so extend. Its current expiry date is December 31, 2003. The agreement provides for an annual salary of not less than \$500,004 and for Mr. Lower to participate in the Company's short and long-term bonus plans, with minimum guaranteed bonuses under each of those plans for payments in 2001 (\$400,000 and \$300,000, respectively). Mr. Lower received a stock grant of 10,000 shares of Common Stock and options to purchase 750,000 shares of Common Stock, vesting 150,000 shares on January 1, 2001 and each successive January 1 through January 1, 2005, so long as he is employed by the Company on each such date. The Company also agreed to pay the following retirement benefits to Mr. Lower during his lifetime:

Last Date of Employment -----	Annual Benefit -----
On or prior to December 31, 2000....	\$ 0
January 1, 2001 to December 31, 2001	\$ 45,000
January 1, 2002 to December 31, 2002	\$ 90,000
January 1, 2003 to December 31, 2003	\$135,000
January 1, 2004 or later.....	\$180,000

The agreement contains provisions regarding reimbursement of Mr. Lower's costs of moving to Springfield, Illinois, including under certain circumstances covering any loss on sale of the house he has purchased in Springfield, and provisions relating to Mr. Lower's death, disability or other termination of his employment. In addition, the agreement provides that if there is a Change of Control, as defined therein, and Mr. Lower's employment is within three years thereof actually or constructively terminated, Mr. Lower will be paid a lump-sum cash amount equal to the

sum of (i) three times the greater of his highest annual cash compensation from the Company or \$1,200,000 and (ii) the actuarially determined present value of Mr. Lower's retirement benefits calculated as if he had been employed by the Company until the date which is three years after the Change in Control. Mr. Lower's other benefits are also continued for three years and there is an excise tax gross-up provision payment sufficient to negate any effect on him of excise and related taxes attributable to the benefits received under the agreement.

The Company entered into a letter of employment with Mr. Heckman, Executive Vice President & Chief Financial Officer, effective April 10, 2000. That agreement is an exhibit to the Company's Annual Report on Form 10-K for 2001. The agreement provides for an annual salary of \$300,000 and for Mr. Heckman to participate in the Company's short and long-term bonus plans, with minimum guaranteed bonuses under each of those plans for payments in 2001 (\$150,000 each). Mr. Heckman received a grant of stock options to purchase 250,000 shares of Common Stock, vesting 50,000 shares on January 1, 2001 and each successive January 1 through January 1, 2005, so long as he is employed by the Company on each such date.

The Company entered into a letter of employment with Mr. Jensen, Executive Vice President and Chief Marketing Officer, effective September 4, 2001. That agreement is an exhibit to the Company's Annual Report on Form 10-K for 2001. The agreement provides for an annual salary of \$225,000 and for Mr. Jensen to participate in the Company's short and long-term bonus plans, with a minimum guaranteed bonus under the short-term bonus plan for payment in 2002 (\$150,000). Mr. Jensen received a total grant of stock options to purchase 150,000 shares of Common Stock, one-fourth vesting on September 17, 2001 and each successive September 17 through September 17, 2004, so long as he is employed by the Company on each such date.

The Company entered into a letter of employment with Mr. Reynolds, Executive Vice President, Property and Casualty, effective November 12, 2001. That agreement is an exhibit to the Company's Annual Report on Form 10-K for 2001. The agreement provides for an annual salary of \$300,000 and for Mr. Reynolds to participate in the Company's short and long-term bonus plans, with a minimum guaranteed bonus under the short-term bonus plan for payment in 2003 (\$150,000). Mr. Reynolds received a total grant of stock options to purchase 150,000 shares of Common Stock, one-fourth vesting on November 30, 2001 and each successive November 30 through November 30, 2004, so long as he is employed by the Company on each such date.

In addition, the Company has entered into agreements with certain key employees, including each of Mr. Heckman, Mr. Jensen, Mr. Reynolds and Mr.

Zock, which provide that if, within three years after a change in control of the Company, the employee is terminated from employment by the Company, whether actually or constructively, for any reason other than cause, the employee will receive (i) a one-time cash payment, (ii) continued insurance coverage for a specified period, (iii) the present value of such employee's accrued benefits as of the date of termination under the Company's nonqualified supplemental pension plan(s) (which amount will be offset against any amount payable under such plan) and (iv) an excise tax gross up payment sufficient to negate the effect on such employee of excise and related taxes attributable to the benefits received by the employee under the agreement. The one-time cash payment would be equal to 2.9 times the highest annual cash compensation (salary and bonus) received by the employee in the five preceding years and the specified period during which such employee's insurance benefits would continue is two years, 11 months.

REPORT ON EXECUTIVE COMPENSATION OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors (the "Committee") recommends to the full Board compensation for the Company's Named Executive Officers (the "Officers"). Officers receive compensation in the form of annual salary and cash and stock option incentive awards under the 2002 Horace Mann Educators Corporation Incentive Compensation Plan (the "Plan").

Salary

While the Committee believes that the Officers should be compensated above average insurance industry levels in terms of total compensation, it favors incentive compensation over salary and therefore seeks to pay salaries that

14

approximate average industry salaries for officers of similar companies in like positions. In recruiting new candidates to become Officers, it is on occasion necessary to exceed these guidelines and to pay higher salaries than would be average for officers of similar companies in like positions.

In determining industry salaries, the Committee has employed surveys prepared by the Life Office Management Association and the National Association of Independent Insurers, as well as sought advice from recruiting and compensation consultants.

Once an Officer's salary is determined, it is reviewed between one and two years thereafter. In that review, the Committee considers where the Officer's salary stands compared to the salaries of officers of similar companies in like positions and the Officer's performance of his duties, including accomplishing key corporate goals, managing costs, managing personnel and meeting the Company's ethical standards.

During 2002, the Committee reviewed the salary of the Chief Executive Officer (the "CEO") and two other Officers. Based on its conclusion that the CEO had achieved superior performance of his duties and objectives, the Committee recommended and the Board approved a 9% increase in his annual salary.

Cash Incentive Compensation

The Committee employs two types of cash incentive awards-annual incentive awards which are based on the Company's results for a calendar year and long-term incentive awards which are based on the Company's results over a three year period. Such incentive awards tie compensation of the Officers to attainment of goals that benefit the Shareholders. The awards are designed to secure the full deductibility of such awards under Section 162(m)(4)(c) of the Internal Revenue Code. The Plan provides that such awards can be tied to any of the following measures, either in absolute terms or as compared to the Company's peers, and as applicable to the Company as a whole or to specific business units of the Company:

- . insurance premium volume and growth in premium volume
- . growth in sales
- . increase in educator and multi-line customers
- . earnings and earnings growth, both absolute and per share
- . return on equity
- . cash flow
- . accumulated annuity value
- . investment income
- . economic value created for Shareholders
- . profit margin
- . property and casualty combined ratios
- . expense ratios
- . return to Shareholders
- . financial ratings
- . size and growth of agency force
- . attainment of personal objectives set by the Committee

An Officer's cash incentive award will typically have two components: one based on corporate performance and one based on performance of the unit for which the Officer is responsible, although, for example, the CEO's award is based solely on corporate performance. Measurement of an Officer's performance for purposes of calculating cash incentive awards must be objectively determinable under the Plan, based on standards set by the Committee at the

15

beginning of the evaluation period. In addition, the Plan gives the Committee the power to adjust targets for performance to account for extraordinary events that have a material impact on a performance measure during a performance period.

The Committee strives to have cash incentive awards set so that if the performance of the Officers meets the expected targets, the Officers cash incentive compensation and total compensation will be above the average for similarly situated officers of other insurance companies, at approximately the 66th percentile.

The Committee determined that for performance in 2002 the corporate component of the annual cash incentive awards to Officers would be equally based on attaining the Company's business plan targets for (i) GAAP operating earnings per share and (ii) insurance premiums written and contract deposits. Based on 2002 performance, the Officers did receive cash annual incentive awards for 2002, including the CEO. One Officer received a contractually guaranteed cash incentive award, as described in the section Agreements with Key Employees.

With regard to long term cash incentive awards, the Committee established a three year performance period consisting of 2002 through 2004, with awards thereunder payable in 2005. The Committee determined that for performance over the three year period two measures would be used in equal proportion: return on

equity and GAAP operating earnings per share. For the 2002 portion of the three year award, the threshold return on equity target for 2002 was not met and the GAAP operating earnings per share was above the threshold for an award but below the target. The actual long term cash incentive awards for this performance period can not be calculated until the end of the three year period.

Stock Options

The Committee believes that making stock options a component of Officer compensation further aligns their goals with those of the Shareholders. The Committee established a three year performance measurement period identical to the long term cash incentive award, using the same measures, to apply to stock options. The Committee granted non-vested stock options at the beginning of the three year period to the Officers other than the CEO; those options vest upon the earlier of the attainment of the performance measures during the three year period or the end of four years from the date of grant. The Committee did not grant such options to the CEO because of the stock options granted to him in his employment agreement, described in the section Agreements with Key Employees and the subsequent grant of options to the CEO. The options have seven year lives and were granted at market value of the Common Stock on the date of grant. Other than the three year performance options, no stock options were granted to Officers in 2002.

Deferred Compensation Plan

The Company maintains the Horace Mann Educators Corporation Deferred Compensation Plan whereby employees who earn long term cash incentive awards may defer all or part of those awards on a pretax basis to units that track the performance of the Common Stock. This is an unfunded plan maintained to provide a deferred compensation mechanism for highly compensated management employees. Under certain circumstances, participation in this plan is not voluntary; the Board has established Common Stock ownership targets for certain members of management to be met by the end of 2004; if such have not been met, the necessary portion of any long term cash incentive award will be deferred into the plan. The plan is designed to be exempt from short swing profit liability under Section 16(b) of the Securities Exchange Act of 1934.

PROPOSAL NO. 2

APPROVAL OF THE AMENDMENT TO THE RETIREMENT POLICY

The Board has determined that the Amendment to the Retirement Policy is in the best interests of the Company and its Shareholders and by unanimous vote has recommended it to the Company's Shareholders for adoption. The proxies solicited by and on behalf of the Board will be voted "FOR" the Amendment to the Retirement Policy.

Background

In August 1995 the Shareholders approved an amendment to the Company's Certificate of Incorporation which requires the retirement from the Board of any Director who is 72 or more years of age following the completion of his or her then current term in office. This amendment was recommended to the Shareholders for their approval in 1995 for two reasons: (i) the Board at that time consisted of a large number of older Directors and it was felt that such a provision would assist in reorganizing the Board and rejuvenating it with younger members and (ii) proposal of such a provision was required by the settlement agreement relating to a certain class action shareholders litigation brought against the Company. That settlement agreement did not require that the amendment to the Certificate of Incorporation be kept in place for any time period.

While it is not unusual for boards of directors to have retirement policies, it is unusual for such a retirement policy to be contained in a company's Certificate of Incorporation. Having such a policy in the Certificate of Incorporation requires that Shareholder approval be obtained each and every time an exception to the policy is believed by the Board to be in the best interests of the Company. In fact, in 1998 and 2000, the Company sought approval from the Shareholders of exceptions to that policy, which approvals were obtained in both cases.

The Board has now decided to seek Shareholder approval of the Amendment to the Retirement Policy and, subject to that approval being granted, has put in place a new retirement policy which will take effect upon Shareholder approval of the Amendment to the Retirement Policy. The new retirement policy states that Directors who are 75 years of age or older may not stand for election to the Board, nor be named to the Board, in the absence of a specific finding by the Board that there are special circumstances which justify such an exception to the 75 year old age limit.

Reasons for Amendment to the Retirement Policy

The Board believes that the Amendment to the Retirement Policy is in the best interests of the Corporation and its Shareholders for the following reasons:

1. By moving its retirement policy out of its Certificate of Incorporation, the Company will fall in line with the majority of American corporations as to how board retirement policy is handled. The Board believes that the present policy, by virtue of being so unusual, is an impediment to the recruitment of new Directors and that the Amendment to the Retirement Policy will assist the Board in seeking out new qualified candidates for the Board. Further, because Shareholders vote to elect the Board, moving the retirement policy out of the Certificate of Incorporation will not disenfranchise Shareholders from deciding on whether particular Board candidates are of an appropriate age; if Shareholders feel that a candidate nominated to the Board is too old to be an effective Director, they retain the power to vote against that candidate and thereby to prevent him from serving as a Director of the Company.

2. Two of the present Directors of the Corporation are about to run up against the current retirement policy limitation and it is the view of the Board that losing the services of those Directors would be adverse to the Company and its Shareholders. Joseph Melone has served on the Board only since February 2001 and has served as its Chairman since May 2001. William Abbott has served on the Board since September 1996 and has served as the Chairman of the Compensation Committee since 1997. It is the Board's unanimous view that losing the services of these members of the Board, particularly given their distinguished service to the Board and the important positions they occupy on the Board, and in light of William Schoen's retirement from the Board this year, would create troubling vacancies that

18

would be next to impossible to fill in a way that might reasonably be as beneficial to the Company and its Shareholders as retaining such Directors, both of whom are extremely energetic and active, both generally and on the Board.

3. The Amendment to the Retirement Policy will save the Company the expenses associated with seeking Shareholder approval of each exception to the retirement policy, including legal and printing fees and time of Company employees in preparing the proxy statement for such approvals and all related work and costs. If the Amendment to the Retirement Policy is approved by the Shareholders and exceptions to the new policy are required in the future, the Board will be empowered to make such exceptions without seeking Shareholder approval.

4. In light of recent legislative and regulatory changes, service as a Director of a public company has become more time consuming and challenging and arguably less attractive, so that the pool of potential Board members has shrunk. The Board believes, particularly in light of these developments, that limiting its search for new Directors to candidates who are younger than 70, which is the practical effect of a 72 year old retirement age policy, is unwise. In particular, given the financial expertise and time commitment required of Directors of public companies today, retired executives are often the most attractive candidates to consider and the existing retirement policy severely limits the Company's ability to tap such candidates for the Board.

5. The Board believes that standards relating to requisite retirement age have changed, that more individuals are having active and energetic lives, including business lives, to older ages than was true in the past and that, therefore, limiting a search for new Directors to individuals who are younger than 70, again the practical effect of a 72 year old retirement age policy, is contrary to the interests of the Company and its Shareholders. The Board believes that it is capable of judging the physical and intellectual ability of

potential Directors to serve the Company and its Shareholders without a blackline rule based on age imposed on its decisions.

Accordingly, the Board urges Shareholders to vote FOR Proposal No. 2 and thereby eliminate the current 72 year old retirement policy from the Company's Certificate of Incorporation, which will cause it to be replaced by the 75 year old retirement policy described above, which permits exceptions to that policy upon specific findings by the Board.

Responsibilities and Processes

The primary responsibility of the Committee is to prepare the report that the rules of the Securities and Exchange Commission require be included in the Company's annual proxy statement and to assist the Board's oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of the Company's internal audit function and independent auditors.
